Hi Debra,

Would be happy to chat about it. Want to throw something on the calendar?

Thanks,
Jackie

Subject: PFAS - gathering information.....

Hi Jackie,

Apparently one of our chemicals has been identified as PFAS source. As such we will be needing to brief Ed, soon, on this topic. I've been reading up on the Agency's website concerning PFAS, but would be interested to know if you could share anything more, especially in relation to what you have been briefing Ed on in relation to the PFAS container issues.

Many thanks for any thoughts you could share.
Debra
